

SPRING MEDICINE

Hood's Sarsaparilla, the Great Blood Purifier, is the Best.

Spring sickness comes in many degrees to every man, woman and child in our climate.

It is that run-down condition of the system that results from injuries, impoverished, revitalized blood.

It is marked by loss of appetite and that tired feeling, and in many cases by some form of diarrhea.

The best way to treat spring sickness is to take Hood's Sarsaparilla.

This old reliable medicine purifies, cures and revitalizes the blood.

It is an all-the-year-round alterative and tonic, and is absolutely the best Spring medicine.

Get your blood in good condition at once—now. Delay may be dangerous. Ask your druggist for Hood's Sarsaparilla and insist on having it for nothing else you take its place.

MT. OLIVE NOTES.

A good rain would be of much help to the oat crop at this time.

Mark Shultz is still hauling corn to Guthrie.

Only two more weeks of school. Our school mistress celebrated Arbor Day the past week by having the children set out trees thus improving the school grounds. Why not advertise the idea?

Mr. Mitchell and family have moved into the Davis residence just vacated by the Muzzings.

Word has just come to us of the death of Nathan Gooch last Wednesday night owing to heart trouble. The family has the sympathy of its many friends in their sad bereavement, as here was a veteran of the true blue type honored and respected by all who knew him.

The new bridge which has been under construction east of the Frank Bowen place is now completed. This bridge has been constructed for the benefit of the farmers in this section and we should now show our appreciation by improving the roads.

How to Prevent Croup.
When the child is subject to attacks of croup, see to it that he eats a light evening meal, as an overfilled stomach may bring on an attack, also watch for the first symptom—hoarseness, and give Chamberlain's Cough remedy as soon as the child becomes hoarse. Obtainable everywhere.

In regard to the oil lease problem, why not call a meeting of the farmers and draw up a form of lease which is a fair proposition to both parties?

KEEP LOOKING YOUNG

It's Easy — If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must wash your liver and bowels—there's no need of having a yellow complexion—nothing looks in your face—but eyes with sparkle.

Your doctor will tell you ninety percent of all sickness comes from impure bowels and liver.

Dr. Edwards' well-known physician in this particular, a vegetable compound mixed to give the liver and bowels, which he gave to his patients for years.

He is a man about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box.

All drugs.

11 WHITE MULES AS TRIBUTE TO YUAN FROM CHU**EMINENT PHYSICIANS FAILED IN KIDNEY TROUBLE**

I wish to inform you of the great benefit I have derived from the use of Swallow Root. I had been a sufferer for more than three years from Kidney and Liver trouble and was almost constantly treated by the most eminent physicians, who could only give me temporary relief. I could hardly get from one room to the other without help, and had been ill five days when I began the use of Swallow Root. Inside of twenty-four hours I could see some benefit, continued to use Swallow Root until I had used two bottles when I really felt that my old trouble was completely cured, and I am positive that any person suffering with kidney or liver trouble can be cured by the use of this preparation. I am 50 years of age and in good health. It has been nineteen years since I had this trouble and I do not know how to express myself as strongly as I desire to say of Dr. Kilmer's Swallow Root. I am sure that it saves my life and that my health is due to this remedy. I heartily recommend it to every sufferer of kidney trouble.

Yours truly,

S. E. TAYLOR,
Gainesville, Ga.
State of Georgia, full counts.

Personally came S. E. Taylor, to me personally known and who, of course says the facts stated on the opposite page are true.

Syracuse Ruined.
Syracuse, Island of Sicily, March 22.

The war, enriching so many ship owners and seafarers of the Mediterranean, has all but completed the ruin of Syracuse, once the world's richest port and the center of its commerce.

So hard has the war hit this port that it became an important event recently when the six men of the crew of the little American schooner Alabam, got up her breaking anchor, broke out the Stars and Stripes, and sailed away homeward. With the departure of this ship seemed to fade the last hope of the 23,000 people who live here, a pauper handful left from the half million who once were proud to date their prosperity from 600 B. C.

While the war has brought activity to other ports of these seas, made Corfu, Brindisi, Taranto, Salonicci, the two Gallipoli, supply stations for colossal fleets of war vessels and their accompanying transports, brought them and their inhabitants wealth, filled their hotels to overflowing, made them worth far more than during convention time in Chicago, wrought the prosperity of market gardeners and farmers. It has not only passed by Syracuse but has taken away what little business she had.

Changeable Weather Brings Sickness

The changeable weather of March causes coughs, colds, cramps and gripes. There is no such thing as a "cold cold"—note that a person can safely neglect Foley's Honey and Tar is a safe and reliable family medicine that heals inflamed, congested air passages, stops coughs and eases breathing. PROBE OF CIGAR STAMP FRAUDS YIELDS PAY DIRT**COCOANUT OIL MAKES A SPLENDID SHAMPOO**

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Just plain modified cocoanut oil (which is pure and entirely greaseless) is twice better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply wash your hair with water and rub it off. One or two tea-spoons will make an abundance of this cream lather and cleanse the hair and scalp thoroughly. The latter washes out easily and removes every particle of dust, dirt, dandruff and excess oil oil. The hair dries smooth and even, and it leaves it fine and shiny bright fluff and easy to manage.

You can set modified cocoanut oil in most oil drug stores. It is very cheap and a few drops is enough to last everyone in the family for months.

call to the colors. Mr. Cohen, who is visiting here, was asked to write a timely verse. Mr. Cohen was busy, busy and "heating off." But he wrote the following lines:

"Let's quit talking of Kaiser and Kings,
"Get Villa."
"Let's quit thinking of all foreign things,
"Get Villa."
"Let's quit wasting our words to abuse,
"Come Americans—Christian and Jews—
"Get Villa."

CHILDREN CRY FOR FLETCHER'S CASTORIA**SAGE TEA KEEPS YOUR HAIR DARK**

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, diminishes advancing age. We all know the advantages of a youthful appearance. Your hair is your claim. It makes or mars the face. When it looks dull, dry, limp, and wavy, it is a disgrace to sage and to sage. When it looks soft, shiny, and curly, it is a credit to sage and to sage.

Don't stay gray. Look young. Rather prepare the home at home and grow your own drug store a decent little bottle of Sage Tea.

Thousands of folks throughout the country subscribe, because it darkens the hair beautifully and gives it a dull, shiny, wavy, healthy, glossy, and curly hair.

When the gray hair disappears, after another application or two, it restores color to restored, and becomes thick, glossy, and bushy, and you appear years younger.
